

RON SYMON MAMUCOD

WEB DEVELOPER

PROFILE

My goal as an IT Programmer and Web Developer is to build intuitive, effective websites. Experienced in all aspects of Wordpress website creation, including design, plug-ins, and implementation. I use my knowledge of HTML, CSS, JavaScript, and PHP to create websites that adhere to the client's specifications.

EXPERIENCE

CS-PAC Global

Wordpress Web Developer
March 2026 – July 2026

- Led website redesigns, managed WordPress updates and maintenance, and ensured seamless front-end and back-end functionality.
- Implemented SEO strategies, optimized website performance, managed digital content across multiple platforms, and maintained responsive, high-quality user experiences.

Getmilk

UI/UK Web Developer
April 2024 – January 2026

- Managed WordPress website design, content updates, maintenance, and ongoing site improvements.
- Configured WooCommerce for e-commerce functionality and implemented responsive mobile-friendly layouts.

Money Tree Consumer Goods Trading

Front-end Developer
May 2023 – July 2023

- Developed websites using Laravel, managing website appearance and responsiveness to ensure consistent design and mobile-friendly layouts across devices.
- Prepared client website proposals, wrote HTML and CSS code, provided technical support, and implemented updates based on client requirements.
